

WE FINISH SECOND.

Well, the agony is over. In other words the first season of the Unterstate league has come to an end. In the face of the late disastrous western tip the Nollers have played great bull in the last eighth and finish in second place, tied with Toledo. Now for the second season pennant!

The Wheelings redeemed themselves yesterday afternoon, by defeating PITTSBURGH. AB. R. BH. PO. A. E. Youngstown in a well played game. Campbell, the Sistersville acquisition, was in the box for the Nailers and did excellent work. Eight hits are chalked up against his delivery, but of these, one in the first inning must be deducted, s it was a popup fly in front of the plate that any one of five players should have taken in. Spade, for the visitors, pitched a good game, but the Natiers managed to bunch hits on his a winning lead. After the first they did not do business with him to an alarming extent.

Rickert recovered his batting eye, making hits the first two times he batted. If he could be depended on to hit the ball steadily he would be one of the most valuable men on the Wheel-ing nine, as his fielding is always gilt-edged.

the most valuable men on the Wheeling nine, as his fielding is always glitedged.

Wheeling has ten hits off Shade, and they were equally divided between five players. Wagner, Shields, Rickert, Whaling and Shaw. For the visitors the hitting of Cooper was a feature; he had three safe drives. Brodle, 'too, batted in good form, with two two-baggers.

Wheeling got right in the game with both feet in the opening inrigh. Wagner made a single and Shields cracked out a nice double. Both men scored on Rickert's clean single to left field. On Bradle's wild throw Rickeft'swent to third; Gallagher was an out, but Shaw got a base on balls. Whaley sacrificed, scoring, Rickert and advanting Shaw. On Whalling's two-bagger, Shaw scored the fourth and last run of, the inning, Rabb retired the side by sending a sky-straper to Somera, in left, in the visitors, half they scored once'ny Cooper's single. Winter's base on balls, and Brodle's two-bagger.

In the second the home team scored again. Campbell reached first on Cooper's error, a fallure to hold, the third strike on the batsman. Sacrifices by Wagner and Shields placed Campbell on third base, where be scored on Rickert's second hit, Gallagher retired the side.

Wheeling made no more runs until the eight hingle.

the side.

Wheeling made no more runs until the eight inning, but Youngstown got one in the fifth. Spade got a life at first on Whaling's error, went to third on Cooper's shade and scored-on Somers' two-base drive. Cooper and Somers, however, failed to score.

Wheeling's last run, made in the eighth, came in by Shaws' two-baseer and Wheeling's double after Whaley had batted for an out ag first. In the same inning the wisitors added their third and last run to their score. Steen singled and went to second on a wild pitch, whence he scored on Brodle's second double. The next two men were outs.

Pitcher Hewitt was responsible for Washington's second downfail. Beadle, for Washington, was effective, but he lost because his companions couldn't bit safe. Umpire Keefe fined Whitehill 35 for runninf inside the diamond when a man was on bases and Reilly, who was also coaching, will have to pay the league a like amount for throwing his cap at a four bail that J. MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

A conference was held yesterday afternoon between the members of the Martin's Ferry council and representa-tives from the different railroads, with reference to the lighting of the roads with electricity. The Cleveland & Pittsburgh was represented by Messrs. Scriver and Boyle, the Cleveland, Lorain & Wheeling by Messrs, N. K. Kenon and J. M. Lessich and the Terminal y Messrs, Duncan and Tausig. The by Messrs, Duncan and Tausig. The city asked the three companies to pay for twenty-four are lights at \$75 each, making \$1,800 for the three. The railroad representatives said that this is too much and the three roads offered to pay \$225 each, making \$675 in all, and \$1,125 less than asked. The offer of

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remove with millions of families, and is everywhere esteemed so highly by all who value good health. Its benedicial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it nots. It is therefore all important, in order to get its benedicial effects, to pole when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are; then not needed. If afflicted with any natural disease, one may be commended to the most skillful physicians, but If in need of a luxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely "sed and gives most general satisfaction.

the railroad people was taken under advisement and the council will advise the railrods as to the decision.

A Test Will.

The Pennsylvania parties who put down a test well on the Kenworthy-Hoge farm on Little Short creek and got a duster, are surveying for another test on the same farm, but nearer to the line than what the well is. This well is about 1,500 feet deep. The in-dividuals who put down this well say there is oil out there and they will get it before they are through.

A Missing Mass.

William Clites, driver for S. P. Harbout, the express man has been missing since Monday. He went to Wheeling with about \$20 on his person belonging to Mr. Hurbout, and his customers, abandoned the wagon and has not been seen since. Mr. Harbout, who is a cripple, was hurt recently and Clites has been driving his express wagon, which runs between Wheeling and Martin's Ferry.

Martin's Ferry Doings.

The colored men of Martin's Ferry are much interested in the election of Mc-Kinley and Hobart and they talk of organizing a marching club and adopting a uniform, consisting of white caps, coats and trousers, or white caps and trousers and black suck coats. One of the colored voters in speaking of the matter last night said he thought every colored voter in Martin's Ferry would join the club with one exception and the exception is a very old man.
